Technology overview

ReadyScan LED technology

This energy-efficient light source uses less power, while ensuring greater productivity. And, there's no warmup time required. With no mercury, this LED technology is better for the environment.

Photo restoration with Easy Photo Fix®

Dig out that shoebox full of old, faded photos and restore the color with just one touch. Just lay your faded photo on the scanner bed and, with a simple mouse click, you can bring those faded photos back to life. You'll be amazed at how quick and easy it is.

High-rise, 180-degree lid

Perfect for scanning scrapbooks, photo albums or 3D objects, this unique feature allows you to lift the scanner lid 180 degrees to accommodate oversized originals.
