STRAP LEAF VANDA PROJECT – PLEASE CONTACT US FOR MORE INFORMATION

Condition of Sales and Term of Payments

1. This list cancels all previous lists.
2. Prices shown are net price of plants with packing. Handling, Phytosanitary Certificate ,CITES, and shipping charge of US\$ 100 will be added to all order.
3. Minimum cost of plants per order is US\$500. Each plants name have to be at least 10 plants (seedling size), or 5 plants (flowering size).
4. Unless prior arrangement has been made, full payment of plants, shipping charge, and estimated freight charge would accompanied with order. After the actual freight charge was billed to Kultana Orchids by airline company, we would billed/credit you the different accordingly.
5. You can swift your payment through our one of our banker, or send your Bank Draft in N.Y., U.S.A. directly to us.
Credit Card is also accepted with filled Credit Card Authorization Form, front – back photo copy of credit card. Personal check from the United States is also welcome.
6. Letter of credit are accepted only for an order of US\$10,000 or more (unrestricted L/C only).
7. Western Union Financial Service International, or Money Gram are accepted as service available for your country.
Please send the money in the name of 'Mr. Keeratikul Sophonsiri'
8. Unless other instructed, plants will be packed as follows:
Plants in compots and 1" clay pot will be shipped out of pot, bare root.
Plants grow in 4" plastic baskets will be shipped with baskets.
9. If the cross or clone were sold out , we would substitute with the closest available one.
10. Kultana Orchids reserve the right to use our conversion rate to calculate the freight expenses from airline company.
11. As Kultana Orchids also pay for inward commission fee, we will use the money that is confirmed from our banker to calculate your account status.

3. In case of sending orchids with pot and media, Kultana Orchids will not be responsibility if the orchids have the problem if the orchids had the problem with pot and media.

Growing Hints

These following growing hints are used in Kultana Orchids, Bangkok, Thailand. Please modify to suit your climate, and growing accessories.

- Sunlight is shaded by plastic net of 60% shade.
- Ventilation is adjusted to provide light breeze, comfortable for man work in the nursery.
- Water every early morning very soak, not just wet. But plants have to be completely dry before next watering.
- Fertilizer every week with N:P:K ratio of 21: 21: 21 , concentration of 0.2%; 200 gram per 100 liter of water.
- Fungicide every week, 0.10% concentration; 20 c.c. per 20 liters of water. Rotate Captan, Mancozeb, and Cabendazim accordingly each week.
- Insecticide every month with 0.1% Chlorpairiphos or Hexythiazox.
- Miticide every month with 0.1% Dicofole.
- Fertilizer, fungicide, insecticide, and miticide can be mixed together, apply in the early morning.
