## **Report from President Andrew Fernandez.**

As we all know we missed out on three meetings last year and our Spring show by 1 week in 2021. We all went into lockdown again due to the Corona virus. At the start of this year 2022 we were only welcoming members who had been double vaccinated, now all restrictions have been lifted and we are allowed as many people into the hall as we want. It's been hard to keep up with the government regulations as they were changing day by day. I hope that we kept you in touch with the Society via our Zoom meetings last year and the newsletter and Facebook.

As we could not get the caterer for our 2021 Christmas dinner, we had a BYO plate to share which went quite well followed by a trivia quiz run by myself with some great prizes to the winners. We also ran the Christmas / New Year photo competition again. Our new club seedling for 2022 is a Yellow (hopefully) *Sarcochilus*. I would like to thank all the members who attended our electronic meetings and all those who have now returned to the face - to - face meetings this year. Our numbers have been increasing slowly over the last 6 months.

I would like to thank the Committee members for their great support. Kerri Ridgway edits our newsletter and also prints our show flyers and schedules. Alf Magnano our Treasurer and square expert. Bob Pyz our pots and accessories guy. Lenore Shepherd New member secretary. Christina Dimech for tea and coffee set up at our meetings and running the kitchen during our shows. I would also like to thank the following committee members Jason Khoo, Kim Lam, Helen Robinson and Singithi Karunarathe. We have a great committee at the society and we try to make the society stronger every year. Last and not least I always say this but I am only the President because George Dimech is our secretary. He is a great help and nearly runs the society single handed, I thank him. I am sorry to see Kim Lam resign from committee due to other commitments, grandmother babysitting. Kim has been on committee for a long time and as President wish to thank her on behalf of the Warringal Orchid Society for her time and work for our society.

The best thing that has happened this year has been the Winter Show 2022. After not having a show for 2 years it was magnificent. It seemed everybody remembered what needed to be done and where everything was supposed to go, it felt like it had only been a week since our last show not 2 years. I would like to thank all the members who helped out at the show, setting up, in the kitchen, plant sales area, door entry, potting demonstrations, bark sales and many other jobs that needed to be done. I thank you all. Our biggest thanks must go to our show marshal Jerry Karbownik for his organisation before during and after the show and plant sales. I thank you Jerry.

During this term as President, it's been hard to keep in touch with the society. I hope we succeeded in some way. Things are looking up, restrictions are gone, and we are getting back to as normal as possible. Again, I would like to thank all the members who have helped out in some way during the year at our monthly meetings and winter show.
